Tres bien
Au début on arrivait pas à le faire tenir plus d'une heure sans chargement parce qu'on mettait les 4 ventouses en haut comme sur la photo. Une fois qu'on en a mis 2 en hauts et 2 en bas et ben miracle ça tiens très très bien même avec beaucoup de produits dessus donc maintenant je suis parfaitement satisfaite.

Endlich eine Möglichkeit ohne ein Loch in die Wand zu bohren, solch eine schöne Edelstahlhalterung anzubringen. Das Produkt ist unter Amazon Prime gelistet, das heißt dass der Versand für Prime Kunden kostenlos ist und Ihr euer Produkt meist schon am nächsten Tag bei euch habt. Das Prinzip und die Anbringung ist auch ganz simpel, ich feuchte den Saugnapfen ein ganz klein bisschen an und schnall ihn dann fest und schon hält das Teil bei mir ohne Probleme und das bereits seit 3 Monaten ohne einmal herunterzufallen. Die gute Qualität und das schöne Design haben mich voll überzeugt und darum kann ich dieses Körbchen auch gut weiterempfehlen.

**amazon.co.uk****I'm really pleased with this**

I'm really pleased with this. It's well made, it looks expensive, it was easy to stick to the wall, and so far it hasn't fallen off - I check every week or so to see if the screws need to be tightened a little. I have 3 full sized bottles in it (shampoo, conditioner and shower cream) plus two small bottles. It looks really nice. If I ever find myself with two bathrooms, I will definitely buy another.

This is a really good idea! No drilling your tiles, it just sticks by suction. It is great and would have got a 5 but I struggled a bit to get one side to stick. The key was to take it off and make sure the sucker was totally flat before trying to stick it on.

Very good item!

This is a good quality dryer holder. It's modern, good looking, universal and easily assembled. Just a few minutes for stick on, instructions are very clear. I use this in my bedroom so that my hairdryer has a place. I was getting annoyed with having my hairdryer on the floor and always tripping over it so I fixed this in my dressing table and keeps all tidy. The size is exact for my hairdryer and the look is very nice. The special adhesive pad works well for fast and easy mounting without screws and drilling, so can be removed without leaving residue. It is made of good quality stainless steel. Definitely a great purchase, and I recommend!

love the design

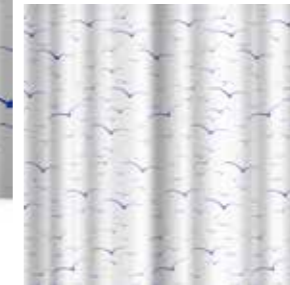

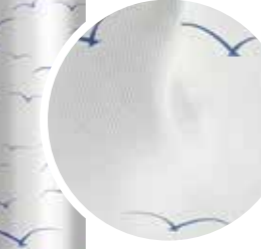

I received this shower curtain very quickly and hassle free :,) it came in a well packaged clear bag. The shower curtain is very light weight and the design is great and would go with most bathroom decors. It is made of a nice waterproof material and would be great to wash as sometimes i need to with my son playing football. It came with hooks to hook the curtain up which is great as lot of curtains don't. This is fantastic value for money and is great quality would highly recommend.

A Good Shower Curtain

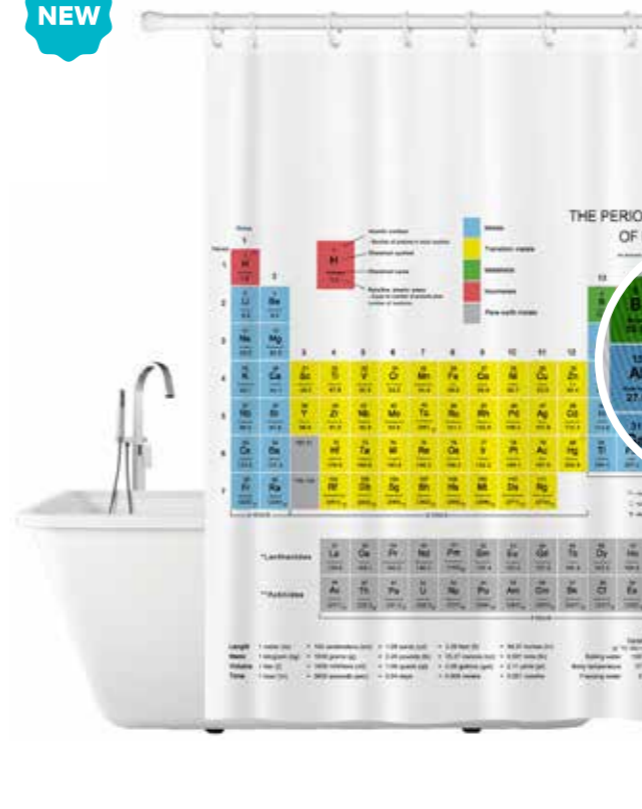

I gave this to my dad who has always used a fabric shower curtain, it is very well made and looks great up, and he is happy with it so far! It is 100% Water Repellent and is made up of Polyester material. It is durable and soft and pleasant to touch, the Strips on the fabric are applied for light reflection so if you have a dark bathroom going for a white shower curtain will always be best. The dimensions of this curtain are 180x180 cm, and it hangs very well, it moves nicely on the pole which is imperative as my dad is wheelchair bound and needs to be able to move about freely and open and close the curtain without any problem. I can't say if there would be any overhang in the bath as this is hung in a wet room.

Kann ich nur Empfehlen !

Endlich wieder frischer Wind im Badezimmer! Nachdem unser Duschvorhang schon einige Risse hatte, habe ich mir diesen Vorhang gekauft. Das Design ist eher schlicht aber dafür bringt es frische ins Bad! Ich finde gerade die Grüntöne sorgen hier für den richtigen Pepp.

Als Raumtrenner ebenfalls Klasse

Wir haben in dem Raum einen Durchbruch von 1,80m und darin haben wir die Stange montiert und mit einem Vorhang versehen der schön in den Raum passt. Anbringung zwischen den beiden Wänden war für mich kein Problem und ich brauchte dafür auch keine weitere Hilfe. Die Qualität ist ebenfalls gut. und ich finde solche Teleskopstangen immer sehr praktisch. Schon vor Jahren habe ich eine vor dem Eingangsbereich platziert um daran im Winter einen Vorhang anzubringen weil wir zu der Zeit eine Gastüre hatten die stets Kälte weitergab. Für mich ein sehr gutes Produkt zum guten Preis. Ich gebe 5 Sterne denn sie sitzt ohne Bohrlöcher Kleber oder sonstigem bombenfest schon eine Weile jetzt.

...and how to make my family life more colourful and comfortable.

I rent my flat and my landlord don't want any holes in a walls, so I always have to think how to avoid it, and how to make my family life more colourful and comfortable. My kids enjoy playing in a bath, so a shower curtains is necessary, even with glass shower door, but I could not hang it on, because we are not allowed to drill in to the tiled wall. Fortunately, I found this Tatkraft Lord Telescopic Shower Curtain Rod, which was the best solution for us. We did not have to drill anything, and installed easily the rod, in less than 5 minutes. Easy to fit, looks great and does the job well

Bought a few of these suction based bathroom items, very impressed. A doddle to fit, as long as the surface is cleaned and dry (and totally smooth). As usual with these items, once attached leave them for an hour or 2 (empty), to ensure the adhesion is ok. After a while, and the holder is still in place, tighten the suction pad a little (it will need a bit extra) and fill with required items. Plenty of storage space for toothbrush, paste, electric toothbrush et al., no problem for this little beauty.

I've tried other stick on systems in the past which have been useless. With scepticism I purchased this one and am happy I did. Instantly on attaching it to the wet wall I could tell that the wet wall would have to come away from the wall before the soap dish would fall off. Will definitely recommend this to friends in the future.

Good Product

I have been using this soap dish for months and it's very good. The other reviews are right... your bar of soap will slip through, however I just have a plastic soap dish resting on the holder, which is precisely what I wanted to do as I had nowhere else to put it! I cleaned the wall first with surgical spirit, and the suction pad hasn't come loose yet, and I've not seen any sign of rusting.

Echtes Schnäppchen und super Optik

Danke an Amazon für die Warehousedeals, ich habe dieses Teil «gebraucht» gekauft (es war Original verpackt, also wohl eher eine Retoure) und bin super zufrieden damit. Durch drehen am Knopf vorne entsteht ein Vakuum welches die Seifenschale richtig fest an Ort und Stelle hält. Die Schale selber ist aus Edelstahl und das Teil zum befestigen aus Plastik. Sieht aber dennoch super aus. Und dank den Warehouse Deals habe ich nur knapp 3 € bezahlt. Bisher hält auch noch alles an Ort und Stelle.

Easily and quickly assembled; sturdy once complete

A small trolley that could be at home in the kitchen, bathroom, utility room or elsewhere. The "Tatcraft Motor 3-tier Metal Bathroom Kitchen Storage Trolley 40X31.5X74H cm" is chromed (a black version is also available) and is bolted together; you will need a suitable screwdriver and a hammer for the caster plugs (but not the castors). It is modest in size and will not predominate in any location. It is one of several products that appear to share a common design and method of assembly. Unlike some alternatives, it appears to be offered only with three shelves and a similar height.

This is a perfect bathroom storage, exactly what I needed. Very well made, sturdy, height adjustable and easy to assemble and put in place, the corner shelf unit fits perfectly in my walk in shower. The instructions are fairly easy to follow, it took me about 5 minutes in all. Shelves are able to take a couple of bottles but can bend with too heavy items, now no bottles on the floor and there is enough space for everything. It looks good and stays clean and smart better than chrome one, the shelves have drainage holes.

Excellent quality for the money, I would recommend it to anyone are looking for a useful shelving solution for the bath or shower corner!

Hält bombenfest

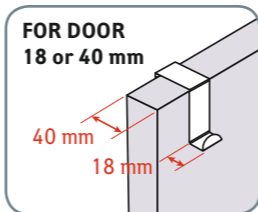

Da wir ein relativ enges Bad haben, kamen normale Badetuchhalter für uns leider nicht in Frage. Nach intensivem Stöbern bin ich auf die Handtuchklemmen gestoßen. Gestern geliefert, gleich "montiert" und ne Stunde später hingen auch schon die Badetücher dran. Sehen sehr modern aus und passen super in unser Bad. Ich hoffe die Handtuchklemmen halten ewig und fallen nicht irgendwann mal von den Fliesen. Frisch benutzte Badetücher halten schon mal einwandfrei.

Bathroom hooks
Great little invention
By Jojofaffy on 8 January 2018

Working fine for me on high glaze tiles
Have stayed permanently in place with one large bath towel and a hand towel. Both when holding water. Our tiles are high glaze and very reflective / flat. I think the tile type has a lot to do with how well these hooks hold. For the money they are reasonable good quality and don't 'look cheap'.

Very pleased with this, fits 4 full size toilet rolls on easily
Really pleased with this toilet roll holder. As we've just had our bathroom done, I've brought chrome coloured type of accessories to match with taps, shower etc. It comes in pieces but is extremely easy to put together. It fits 4 full size toilet rolls on it- makes it look tidier with them stacked together on the holder. Very pleased with it.

sturdy and well made

I ordered a new toilet brush and holder as mine was getting a little old, it arrived quickly and well packaged. When unboxing the brush and holder I had to screw in the brush to the handle, it screwed in with ease and feels very secure. With the handle being metal it does not bend when cleaning the toilet. It comes in a metal holder, this essential item would look stylish in any bathroom. Would highly recommend.

Just what I wanted!

Exactly what I wanted. I put it together in less than an hour by myself. I was a little worried about it being flimsy when I stood it up, but once I'd tightened all the screws, it seemed fine. I've used mine over a chest of drawers, so haven't worried about fixing it to the wall. Looks great, seems good quality, instructions were pictures only, but simple enough to follow, though I almost managed to fix a shelf upside down (my own fault for not checking it first!). I think it could have done with another bar across the bottom section to make it stronger, though that wouldn't work with a toilet, so fixing it to the wall would be a better option (fixings supplied). The adjustable feet are also great for my slightly uneven floor. Pleased with my purchase (I've only had it for 3 days though).

Praktisch für das WC

Wir verfügen leider nur über ein sehr kleines WC in unserer Mietwohnung. Es störte mich schon lange das man keinerlei Abstellfläche für Gästehandtücher, Raumduft und Hygieneartikel hat. Genau das erfüllt das Tatkraft Tanken Regal ohne in Wände bohren zu müssen. Der Aufbau des Regal ist kinderleicht dank gut beschriebener Anleitung. Der Chrome-Effekt lässt das ganze edel und schlicht im Raum wirken. Endlich mehr Nutzfläche, das freut nicht nur mich sondern auch unsere Gäste. Ganz klare KAUFEMPFEHLUNG.

Very High Quality & Thoroughly Recommend
Very good quality. Easy to assemble although metal frame for the top of the basket was a bit tricky to get in). The fabric insert is very handy as can be removed very easily to clean. It is ideal for all laundry especially bulky items such as blankets and bedding. I am more than pleased with the high quality of this product and it looks very expensive and thoroughly recommend. I will be ordering another one to put upstairs.
